

Sliding Fee Adjustment

Valley Family Health Care offers discounted services based on the size of your household and income. The Sliding Fee Scale is determined by calculating the family's gross monthly income and the number of people supported in the household.

In order to qualify for the sliding fee, the patient must provide proof of current or annual income. Proof of income can be one of the following: Pay stub, Bank statement (showing deposits), Unemployment/Employment verification statement from the state Employment office, last year's taxes, social security or disability printout from Medicare, or letters from the patient's employer. Valley Family Health Care does not keep this sensitive financial information. Your income information will need to be updated every year.

Insured patients that qualify for the sliding fee may receive the discount. First, the patient's insurance plans are billed. Based on the amount of the insurance payment, deductible, pre-existing conditions, covered services, etc. the patient may get a sliding fee adjustment.

Patients may receive a discount of 25%, 50% or 75% based on income and number of people supported in the household. For patients 100% or below The Federal Poverty Level, a nominal fee is charged.

The nominal fees are as follows:

| | |
|------------------------|-------------------------------|
| Medical Visits | \$20.00 |
| Mental Health Visits | \$20.00 |
| Lab Testing (in-house) | \$10.00 each |
| Procedures | 50% off |
| Dental Services | \$20.00 (Excludes Procedures) |

Sliding Fee Adjustment

| Family Size | Max Monthly Income for Base Fee *\$20 | Max Monthly Income for 75% Discount | Max Monthly Income for 50% Discount | Max Monthly Income for 25% Discount |
|-------------|---------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|
| 1 | \$1,005 | \$1,508 | \$1,759 | \$2,010 |
| 2 | \$1,353 | \$2,030 | \$2,368 | \$2,707 |
| 3 | \$1,702 | \$2,553 | \$2,978 | \$3,403 |
| 4 | \$2,050 | \$3,075 | \$3,588 | \$4,100 |
| 5 | \$2,398 | \$3,598 | \$4,197 | \$4,797 |
| 6 | \$2,747 | \$4,120 | \$4,807 | \$5,493 |
| 7 | \$3,095 | \$4,643 | \$5,416 | \$6,190 |

****Sliding Fee is discounted up to 75%, 50% or 25%, but net charges will not be less than base fee.**

Example 1:

Jim and his wife have 2 children. The family's monthly income is \$2,000. If Jim comes to see a Valley Family Provider, his office visit would only be \$20.

Example 2:

Jim gets a raise. The monthly family income is now \$2,500. Jim could receive a 75% discount on his doctor visit and only pay 25%.

****Keep in mind the base fee always applies.**

Example 3:

Jane needs a Dental Exam. She visits one of VFHC's Dental offices. Single and with a monthly income of \$1,000, Jane qualifies for a \$20 Dental Exam.
